### **DETAILED ACTION**

It would be of great assistance to the Office if all incoming papers pertaining to a filed application carried the following items:

2. Group art unit number (copied from most recent Office communication).
3. Filing date.
4. Name of the examiner who prepared the most recent Office action.
5. Title of invention.
6. Confirmation number (See MPEP § 503).

### ***Election/Restrictions***

1. Newly submitted **claims 25 - 46** directed to an invention that lacks unity with the invention originally claimed for the following reasons: prior invention was directed towards the component characteristics of a haptic information presentation system, wherein newly submitted **claims 25 – 31** are directed towards haptic sensory characteristics which represent a relationship between a physical quantity applied to a human body and sensory quantity perceived by a human body. **Claims 27 – 46** are restricted based on their dependence on claim 26.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, **claims 25 – 46** are withdrawn from
